

Valve boxes

EZ-OPEN PZRM 111

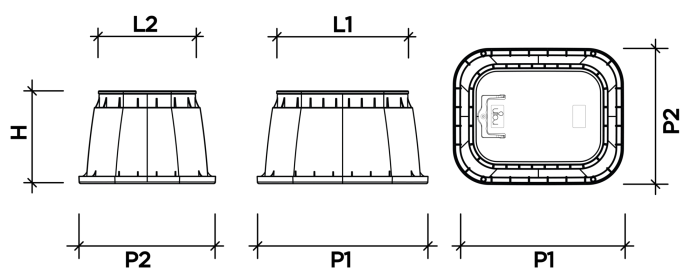

The compact size of the EZ-Open PZRM 111 valve box makes it perfect for small residential systems that require a limited number of solenoid valves. In fact, it allows up to 3 x 1" model RN 150 and RN 155 Plus solenoid valves to be easily installed.

The raised grid, also available in the pre-assembled Smart Vision version, allows the manifold system to be kept tidy and easily inspected.
